NEUEYT NEWSLETTER

The Project

The NEUEYT project aims at developing a **framework of initiatives to foster active citizenship** and democratic participation of young people aged 15 to 29 who are underrepresented in political decision-making, with particular reference to those living in remote/rural areas. To achieve this goal, the project analyzed good practices of e-democracy in Europe, and produced a **best practice report**, with the further aim of developing a set of 8 engaging initiatives

The partners co-designed the framework during a **3-day Lab in Trikala**.

Those **8 initiatives** will be piloted at the European level online and locally in Italy, Greece, North Macedonia, Norway, Cyprus and France

Stay tuned and follow us!
